

Program of the
16th International Morphology Meeting (IMM 16)

Budapest, May 29 – June 1, 2014,

hosted by the

Research Institute for Linguistics (Hungarian Academy of Sciences)

Main session	<i>May 29 – June 1</i>
Poster session	<i>May 31, 13:30-15:00</i>
Workshop 1: Compounds	<i>May 30, 14:00-15:00, June 1, 10:10-15:30</i>
Workshop 2: Info-theoretic approaches	<i>May 30, 15:20-18:10, May 31, 10:40-12:30, 15:20-16:50</i>
Workshop 3: Inflection	<i>May 31, 10:40-12:30, 15:20-16:50, June 1, 10:10-12:30</i>

May 29 (Thu)

10:00–12:00 Registration at the Research Institute of Linguistics (RIL)

	<i>Benczúr Ház – Lecture Hall 1</i>	<i>Benczúr Ház – Lecture Hall 2</i>	<i>RIL HAS Lecture Hall</i>		
12:00–12:30	opening addresses				
12:30–13:30	Gregory STUMP: Polyfunctionality, positional exponence and affix conflation				
13:40–14:10	<i>Chair: F. Kiefer</i>	<i>Chair: L. Gaeta</i>	<i>Chair: I. Kenesei</i>	Anna Maria Di Sciullo: Economy and Multifunctional Affixes	
14:10–14:40				Gilles Authier & Ayten Babaliyeva: Between derivation and inflection: locative and perfectivizing preverbs in literary Tabasaran Natalia Slioussar & Varvara Magomedova: Paradigm leveling in non-standard Russian	Martina Da Tos: On present subjunctive inflection, between morphosyntax and pure morphology: some clues from Ibero-Romance dialects
14:40–15:00	B R E A K				
15:00–15:30	<i>Chair: J. Barðdal</i>	<i>Chair: P. Rebrus</i>	<i>Chair: T. Laczko</i>	Deniz Tat & Greg Key: Verbal morphemes need not entail verbal structure	
15:30–16:00				Marios Andreou: Hyponymy in simplex and complex formations and the distinction between Skeleton and Body	Ava Creemers, Jan Don & Paula Fenger: Categorical multifunctionality and stress-(in)sensitivity of affixes
16:00–16:30				Daria Ryzhova, Maria Kyuseva & Peter Arkadiev: Approaching case polysemy from the lexicon: The case of the Kabardian instrumental	Ekaterina Georgieva: On the person agreement suffixes of gerunds in Udmurt
16:30–17:00				Matea Birtic: Nominals with suffix <i>-ač</i> in Croatian	Natalia Slioussar & Natalia Cherepovskaia: Agreement attraction: a novel view from Russian
17:00–17:30	B R E A K				
17:30–18:00	<i>Chair: G. Corbett</i>	<i>Chair: A. Cser</i>	<i>Chair: H. Bartos</i>	Tibor Laczko: On a Realistic LFG Treatment of the Periphrastic Irrealis Mood in Hungarian	
18:00–18:30				A Efthymiou, G Fragaki & A Markos: Exploring the meaning and productivity of a polysemous prefix: The case of the Modern Greek prepositional prefix <i>para-</i> A Ralli, M Gkiouleka and V Makri: Gender assignment in the light of language contact: the case of Pontic and Heptanesian	Livio Gaeta & Claudio Iacobini: Word formation in a balanced diachronic corpus of Italian Stefan Hartmann: German Nominalization Patterns in a Diachronic Perspective: Constructional Change and Functional Reorganization

18:30 – Wine reception in RIL HAS

May 30 (Fri)

	<i>Benczúr Ház – Lecture Hall 1</i>	<i>Benczúr Ház – Lecture Hall 2</i>	<i>RIL HAS Lecture Hall</i>	
9:30–10:30			<i>Chair: I. Plag</i>	Martin MAIDEN: Lexical Synonymy and the Diachrony of Paradigm Structure
10:30–11:00				Daria Mishchenko: Polyfunctional pronominal markers in South-Western Mande
11:00–11:30				B R E A K
11:30–12:00			<i>Chair: Cs. Pléh</i>	Evan-Gary Cohen & Lior Laks: Between nouns and verbs: Borrowed adjectives as intermediate categories
12:00–12:30				Geert Booij: The necessity of second order schemas in word formation
12:30–14:00				L U N C H
14:00–14:30			<i>Chair: S. Arndt-Lappe</i>	Pavel Štichauer. The polysemy of Italian VN compounds in a diachronic perspective
14:30–15:00				Kristin Kopf. From genitive suffix to linking element in German
15:00–15:20				B R E A K
15:20–15:50			<i>Chair: F. Ackerman</i>	Jim Blevins and Michael Ramscar: Uncertainty and discriminability in information-theoretic WP
15:50–16:20				Emmanuel Keuleers, Petar Milin and Jim Blevins Morphemes in context and in isolation: A recursive view on measures of frequency and complexity
16:20–16:50				Aleksandar Kostić: The effect of grammatical context on processing Serbian inflected nouns and verbs
16:50–17:10				B R E A K
17:10–17:40			<i>Chair: J. Blevins</i>	Scott Seyfarth, Farrell Ackerman and Robert Malouf. Implicative organization facilitates morphological learning
17:40–18:10				Csaba Pléh, Kornél Németh and Dániel Varga: The possible role of entropy in processing argument dependencies in Hungarian

May 31 (Sat)

	Benczúr Ház – Lecture Hall 1		Benczúr Ház – Lecture Hall 2		RIL HAS Lecture Hall	
9:30–10:30	Chair: G. Stump	Ingo PLAG: Homophony in morphology: The acoustic properties of morphemic and non-morphemic word-final <i>s</i> in English				
10:40–11:10		Matthew Baerman: Floating Morphological Paradigms in Seri	Laurie Feldman, Kit Cho and Petar Milin. Reading skill and early inflectional processing	Noura Ramli & Andrew Spencer: Morphomic stems or inflectional classes?		
11:10–11:30	B R E A K					
11:30–12:00	Chair: A.M. Di Sciullo	Peter Arkadiev: Interplay of agglutination, cumulation and overabundance: non-canonical case-number paradigm in Adyghe	Chair: M. Ramscar	Thomas Spalding and Christina Gagne. Diversity and relative entropy as indices of relational competition in the processing of English compounds	Chair: P. Karatsareas	Mary Paster: Reflexes and remnants of inflectional classes in Maay nominal morphology
12:00–12:30		Géraldine Walther, Guillaume Jacques & Benoît Sagot: The Opacity-Compactness Tradeoff: Morphomic Features for an Economical Account of Khaling Verbal Inflection		Fermín Moscoso Del Prado Martín. A functional take on Estonian inflectional paradigms		Neil Bermel, Luděk Knittl, Jean Russell: Potential and actual variation in morphosyntax
12:30–13:30	L U N C H					
13:30–15:00					Poster Session <ul style="list-style-type: none"> • Sibel Ozer & Annette E. Hohenberger: Morphological priming in Turkish nominal compound processing • Louise Esher: Morphemes and predictability in the history of Romance perfects • Zsuzsanna Schnell <i>et al.</i>: Irony processing and contextual effects in schizophrenia – A neurolinguistic perspective • Jana Kesselova: The Grammatical Category of Case in Early Development of Slovak-speaking Children • Andreas Nolda: Modular affixation: Form-related operations in an Item-and-Process model of word formation • Nikolett F Gulyas: What makes me sleepy? Morphological polyfunctionality of causatives and reflexives in Mari and Udmurt 	

					<ul style="list-style-type: none"> • András Márton Baló: The nominal morphology of Lovari from an analogical perspective • Benedek Zsigmond: From fusional to agglutinative: mixed paradigms in Transylvanian Armenian • Eugen Zaretsky, B P Lange, K Neumann & H Euler: Unusual and double plural markers in a representative sample of German pre-school children and adults • Anne Tamm: Case "out of place" 	
15:00–15:20	B R E A K					
15:20–15:50	<i>Chair: B. Crysmann</i>	Jesse Tseng: Two types of i-defectivity in Spanish verbal paradigms	<i>Chair: E. Keuleers</i>	Sophia Manika: Why is Maria read slower than Μαρία?	<i>Chair: T. Feist</i>	Francesco Gardani: Emergence and decay of inflectional class systems: an evolutionary perspective
15:50–16:20		Marco Angster: Contrastive co-reference cross-linguistically: the issue of polyfunctionality in word-formation		Andrea D. Sims: Structural attraction in Croatian: Effects of inflectional paradigmatic structure in morphosyntactic processing		Greville Corbett: Inflection classes and orthogonal conditions
16:20–16:50		Anja Hasse: Overabundance in Zurich German		Petar Milin, Peter Hendrix and Harald Baayen: Inflectional paradigms and classes in sentence reading		Matthew Baerman & Enrique Palancar: Reaching out beyond the word form: periphrasis and inflectional classes

19:00 – CONFERENCE DINNER in the Main Building of the H.A.S.

June 1 (Sun)

	<i>Benczúr Ház – Lecture Hall 1</i>		<i>Benczúr Ház – Lecture Hall 2</i>		<i>RIL HAS Lecture Hall</i>	
9:00–10:00	<i>Chair: M. Maiden</i>	Jóhanna BARÐDAL: When Is a Nominative an Object?				
10:10–10:40		Jenny Audring & Ray Jackendoff: Motivation in the constructionist lexicon	<i>Chair: E. Palancar</i>	Anton Antonov & Guillaume Jacques: The inflectional classes of the Rtau verb	<i>Chair: B. Schlücker</i>	Reka Benczes. From bread baskets to muffin tops: What can we learn about the mental lexicon from lexical creativity?
10:40–11:10		Igor Vinogradov: The transcategorial irrealis suffix in some Mayan languages		Thomas Pellard & Masahiro Yamada: Verb morphology and conjugation classes in Dunan (Yonaguni)		Harald Baayen, P Milin, C Shaoul, M Ramscar, V Kuperman and R Kliegl. Decomposition makes things worse. A discrimination learning approach to the time course of understanding compounds in reading
11:10–11:30	B R E A K					
11:30–12:00	<i>Chair: G. Libben</i>	Anne Pycha: Subjective perception of affixation: A test case from Spanish	<i>Chair: P. Karatsarevas</i>	Luca Ciucci: Third-person realis morphology and verb classes in the Zamucoan languages	<i>Chair: M. Schäfer</i>	Pia Bergmann. Compounds in German - Influences on prosodic constituency
12:00–12:30		Lior Laks: The Cost of Change: Plural Formation of Loan Words in Arabic		Enrique Palancar & Timothy Feist: The singular/plural split and the marking of verb inflectional classes in San Pedro Amuzgo		Gero Kunter and Ingo Plag. Branching direction and phonetic reduction in triconstituent compounds
12:30–14:00	L U N C H					
14:00–14:30	<i>Chair: F. Rainer</i>	András Cser: Opacity, lexicalisation, recomposition and phonological adjustment in prefixation	<i>Chair: G. Booij</i>	Deniz Tat: Turkish synthetic compounds and the categorial status of the Root	<i>Chair: M.J. Bell</i>	Christina Gagne and Thomas Spalding. Relational competition and meaning construction in compound interpretation and production
14:30–15:00		Adriana Fasanella: On How Fusional and Agglutinative Patterns Emerge from a Learning Constraint		Clement Appah: Holistic properties of morphological constructions: Evidence from Akan		Gary Libben. Individual differences in compound processing
15:00–15:30		Francesca Franzon & Chiara Zanini: Mass and count: a gradatum resulting from two combining features		Berthold Crysmann: Deconstructing exuberant exponence in Batsbi		Christina Sanchez-Stockhammer. A model of present-day English compound spelling
15:30–16:00	closing ceremony
